SUMMARY

Front-end developer specialising in the MERN stack with two years experience building websites and web apps.

My portfolio is the best representation of my work:
https://andy-brummitt.co.uk/

LATEST PROJECT

My most recent project is a cryptocurrency application built in Typescript, NextJS and the styled components library. The app accesses market and token data with the free coingecko API and utilises Supabase for user authentication and database queries. This project is hosted on Vercel: https://crypto-compare-one.vercel.app/ with the project code publicly available on my GitHub: https://github.com/Andybrummitt/crypto-compare.

SKILLS

Javascript   React

Typescript   NextJS

HTML   CSS
